Prepared by the Colorado Consumer Health Initiative. This chart is a comparison of a catastrophic level plan from each insurer that intends to sell plans in Connect for Health Colorado in 2014. A catastrophic plan covers essential health benefits, but only after out-of-pocket cost sharing reaches the out of pocket maximum which will be \$6,400 for an individual in 2014. Catastrophic plans are only available for individuals under age 30 or for individuals over age 30 who meet specified financial eligibility requirements. These rates are not representative of rates throughout the entire marketplace. These rates are not final. They are subject to review by the Division of Insurance and will be finalized by July 31st. The rates were calculated using formulas provided by insurers in the rate filing.
